RICHMOND COLLEGE
ISSUES CIRCULARAppeal to City Alumni to Secure
Richmond Students for
College.

SIGNED BY NOTED ALUMNI

Folder Inserted Containing Di-
gest of Students Who Have
Become Marked.

A committee of Richmond College city alumni has drawn up a letter, with their signatures appended, to be sent to all the Richmond alumni of the institution, requesting that they use all possible influence to secure students from the city.

The letter is strongly worded (and earnestly set forth) that the large degree the work and usefulness of the college depends on the interest displayed in it by those who have already graduated from its portals to engage in their life vocation. With the letter is inserted a folder, prepared with great care by President Boatwright, which gives a digest of Richmond alumni who have become prominent in various professions.

Alumni's Letter.
The letter and folder are appended: To the Alumni of Richmond College, Richmond, Va.

At a conference of alumni of Richmond College recently held, it was determined to issue an appeal to all alumni of the college residing in the city of Richmond to aid in the special effort now being made to secure for the college the largest number of students from this city.

From the annual report of President Boatwright, recently submitted to the board of trustees, it appears that the total enrollment of students in Richmond College last session was 238, of which number only about 50 came from the city of Richmond.

At a conference of alumni of Richmond College, in this city, and the benefits accruing to the city therefrom, its broadened course of instruction, its moderate charges, its corps of scholarly and efficient teachers, entitle it to a much larger percentage of the students. And with even a slight individual effort on the part of its resident alumni an increase in the enrollment of such students may easily be secured.

The success of Richmond College has always depended upon the interest displayed in its behalf by its alumni. It is this interest, and the credit of much that the college has been able to accomplish in the past, and without which it could not have attained its present position. The college now appeals to its alumni residing in Richmond to give evidence of their interest in and loyalty to their alma mater, by co-operating in the effort now being made to popularize Richmond College in Richmond and by bringing its advantages and merits to the attention of Richmond young men who may be contemplating a course in higher education.

That the alumni in Richmond will heartily respond to this appeal and avail themselves of this opportunity is the confident expectation of this committee.

COMMITTEE.

At a meeting of Richmond Alumni of Richmond College, held early in July, 1905, it was decided to address a letter to all former students, soliciting their influence in securing students for the college. The following resolution was also adopted: That the president of Richmond College be requested to collect data pertaining to the achievements of former students of the college who now occupy prominent positions in Richmond.

In response to this request, I have taken pleasure in collecting the facts that appear below. Not only Richmond College, but the city of Richmond has reason to be proud of the success of these sons of the college now resident here. Many others, likewise noted and distinguished, have gone forth from the college and from the city to pursue their vocation in other communities. This honorable brochure of alumni brings renown to the college, and

assures the worth of its degrees.

The following alumni catalogue covers the period of 1852 to 1905, and shows that, of the 3,137 students during these forty years, 638 are now living in this city, though accurate information concerning them is still lacking.

The first annual picnic of the Police Benevolent Association held at Westhampton Park yesterday was a most decided success, proving to be a very enjoyable occasion for the hundreds who attended. Men of every walk of life in the city were present; the politicians were there, the sport element was represented and the good citizens made their appearance. For all there was an enjoyable program.

Every officer not on duty attended and brought his friends. The dinner was all that could be asked for. There was Brunswick stew made by Officers Sale, Redford and Zimmer, who long since made reputations as chefs, and there was beverage plentiful served by Officers Neisz, Schiefel and Sergeant Sewell. Each officer must reside in this city, though accurate information concerning them is still lacking.

Young Actress Quite Sick.

Miss Dolores Dale, a popular member of the company playing at the Casino this week, has been suffering with malaria fever since the advent of the show into Richmond. But notwithstanding the advice of her physician, that she remain in her room, she has made her appearance with the company each night, and no one in the audience has noticed that she was ill. As a result of the malaria fever, she is now bordering on a collapse, and her physician has ordered her to keep absolutely quiet for the next few days.

Sold Desirable Cottage.

J. Thompson Brown and Company sold on Tuesday at public auction the cottage and large lot at 333 Floyd Avenue to Mr. C. C. Jones. The consideration was \$2,200. The property is located at the intersection of Floyd and Dooley Avenues, and is considered very valuable since this part of the city is rapidly building up.

Young Lady Under Knife.

Miss Alice Thaw, No. 615 North Seventh Street, was operated upon for appendicitis at the Retreat for the Sick last night about nine o'clock, and is doing nicely. Dr. E. L. Koning, resident physician at the Retreat for the Sick is enjoying a much-needed vacation at his home in Spotsylvania county.

Amputate Two Fingers.

P. D. Peay, an employe of the box factory at No. 283 East Main Street, met with a bad accident at ten o'clock yesterday morning. He caught two fingers of his left hand in the planing machinery, and so badly mangled them that it was necessary to amputate both. Dr. Cullen Pitt, of the ambulance corps, performed the operation.

Took Wrong Medicine.

Charles Shaw, a boy living at No. 3017 East Franklin Street, was given a dose of digitalis by mistake yesterday morning. As soon as his mother saw her mistake, she sent for a physician. Dr. Pitt responded, and administered treatment, bringing the boy round all right.

VOLUNTEER JUDGES
FOR A CITY PRIMARY

Mr. Jones Presents to City Committee List of Citizens Willing to Serve.

Mr. M. Mac Jones, one of the defeated candidates for the House nomination in the recent primary, has addressed a letter to the City Democratic Committee relative to ordering a new primary, and, after reverting to the fact that the committee had not named the names of the judges, he appends the names of eighty-five well-known citizens and business men, who, he says, assure him that they are ready and willing to serve as election officers any day the committee may select. Mr. Jones offers the further assurance that sufficient funds to cover incidental expenses other than that for judges can be raised. He does not classify his volunteer judges and clerks by wards or precincts, nor does

Manchester Bureau, Times-Dispatch, No. 102 Hull Street.

A negro girl who is a servant of Mrs. Phillips, living on Perry Street, near Twelfth Street, came near being blown to atoms by a torpedo yesterday afternoon.

Mrs. Phillips found one of the dangerous

toys in the house and gave it to the girl to throw away. The latter took it out side and beat upon it with a rock to see what would happen. Something did happen very suddenly, and the girl found herself very much shocked and hurt as a result.

Two of her fingers and one of her legs were badly torn and injured, and she was otherwise shocked and burned. Dr. Merchant attended the girl.

Annexation Question.
As a rule Manchester people do not seem to be troubling themselves much about the annexation question. Some are opposed to discussing it freely, while others are waiting to see what the Richmonders are preparing to do. But it would seem that the people are not opposed to annexation, and a majority, perhaps, would welcome it.

There is not much difference in the taxes of the two cities, and the difference, it is said, would not accrue to the injury of Manchester, but would most likely be overbalanced by advantages.

In discussing the free bridge question last night, a prominent citizen said that Manchester would be more than willing to have a bridge constructed at any cost. As far as observation goes, it would seem that all citizens are anxious to have a free bridge built somewhere.
